## **Proud Performing Arts**

Proud Performing Arts is a global network and workgroup that was initiated at the World Congress of ITI in July 2017 by the Swedish ITI centre.

It aims to empower, encourage and elevate performing arts with a LGBTQ+ perspective and artists working with the matter. The network is a platform for solidarity and inspiration and strives to bring forward the different conditions for LGBTQ+ people all around the world.

## **Aims**

- Proud Performing Arts should be a platform for exchanging experiences.
- Proud Performing Arts should facilitate distribution of and make visible performing arts with a LGBTQ+ perspective.
- Proud Performing Arts should inspire exchange between artists, producers and presenters.

Please email [ulricha@scensverige.se](mailto:ulricha@scensverige.se) if you are interested in participating in one of the meetings.
