

Traditional Performing Arts Seminar within One Belt and One Road Countries in Shanghai 13-15 November 2019

Shanghai Theatre Academy (STA), together with ITI, wishes to announce an upcoming seminar on traditional performing arts within One Belt and One Road Countries, which will run from 13-15 November 2019 at Shanghai Theatre Academy in Shanghai, China. It is now open for application.

This project was born from last year's Network Meeting in Shanghai. It is an issue close to the Network's heart, as part of its remit is to uphold and promote education in traditional performing arts methods, allowing for students to immerse themselves in the rich traditions and cultures of theatre from around the world. It's open to all Network members.

This event includes seminars themed as "Traditional Performing Arts in the New Era" with three chosen keynotes, workshops, student presentations and a joint performance.

Shanghai Theatre Academy will provide accommodation and meals. Guests have to pay for their own travel arrangements to get to China, including visas.
